

BERYN HAMMIL DESIGNS MONTHLY

May 2008

HAVE A
COCKTAIL
PARTY TWO
DAYS AFTER
MOVING INTO
YOUR NEW
HOME.

WHY NOT?

relocation made easy and a home installed in record time!

This client decided to relocate from living in San Francisco to living within swinging distance of a golf course in Palm Springs.

She called Beryn Hammil to manage the sale of her antique furniture and hire the best movers to pack and move everything else.

The movers started packing the house on Monday, and by Saturday everything was moved 500 miles and installed in the new house, unpacked,

with the boxes and wrapping paper removed. Art was hung, accessories placed, and a few new items were purchased and installed.

All that was left to do was invite the guests and open the champagne!

Most of us know people who still have boxes in the garage from their move six years ago. But when Beryn's involved, no such luck. Keeping a project on schedule and trouble free for her clients is what she specializes in.

The thank you note from the client reads, "Thank you so much for everything you did to get me settled in my new home. You were awesome. The new lamps are perfect. You're a marvelous designer and friend."

To find out more about how Beryn can handle your client's new home installation, and to see more examples of our work, please visit our web site at www.BerynHammil.com.
